Subject: Correction: Infinity Gateway coming July 15th

Hi {{ name }},

Earlier today, we announced the release date for our upcoming game, The Chronicles of Thelos IV: Infinity Gateway. We were so thrilled to share the news with you that we sent out the email before it was ready. For that, we are truly sorry.

Infinity Gateway will be available to play on July 15th, not May 15th as originally stated. (We've also fixed the pre-order link!)

We know these mistakes aren't what you'd expect from us. The Pixelated Games Team is dedicated to its craft from the game itself to emails like this. That's why we want to make things right.
